-- Toe auction sale of Mr. E'der's came off yesterday. The things sold all brought good prices-even the dump cart barness. Mayor Coan did some lively bidding for these and ran the price way up on the purchaser. The purchaser certainly did not live in Winnsboro, or else he would not have made a single bid after the mayor entered the race. County, where the will teach. As a musician Miss Hollingsworth has few equals and no superiors in this com munity. Her ability and her accomplishments will be an acquisition to the people among whom she lives, even as her departre bas been a less to us. In the church the absence of the sweet singer will be a distinct loss to the choir in which she sang. Many friends and admirers extend to her their best wishes in her new home -Abbeville Press and Banner.

-Wednesday morning Miss Mamie Brice began her work as a grade teacher in the Florence graded school, which has about ten teachers and several hundred pupils. The position, which is a very fine one, was offered her without any application for it at all. Before accepting it, Miss Mamie had to be released from her school at Signature Conway, where she was giving fine satisfaction. The trustees only gave her up that she might accept the better position. It is quite a pleasure for us to note Miss Mamie's fine record in the school room, and she has the best wishes of her home paper for much success in her new field.

-Mies Bertha Robinson, who went on from here several weeks ago, has now gone to Manning where she is employed in the millinery department of S. I. Till's large store. Miss Bertba gave very high satisfaction in the millinery department of the Caldwell Dry Goods Co., who regretted to give her up. She possesses in a large measure that fine taste so necessary to a milliner. In addition to her natural endowments for this work, she enjoyed fine traising in Baltimore. Before the spring season she will go to New York for further training. Mr. Till is to be congratulated in having Miss Bertha in his service, and the people of Mauning no doubt will soon learn to value her for the fine qualifications she possesses

Governor McSweeney has been advised of the spread of smallpox from Union to Chester county. It is rumored here that it has also spread to the western section of this county. No definite information in regard to the same can be had. CASTORIA / The Kind You Have Always Bought WALLIS-TRAYWICK

The wedding of Miss Cora K. Wallis and Mr. David D. Traywick, two well known and pepular young people of Charlotte, N. C., took place here on Wednesday morning at 10 o'clock at the residence of Capt. T. J. Cureton. The wedding was a quiet affair and only a few relatives and friends were present. Handsome potted plants and cut flowers were used in the decoration of the parlor, where the eeremony was performed, and shaded lamps cast a soft light throughout the room from

FLINT HILL NEWS

The rains have kept the farmers from cominuing their preparation of the land. When everything is dry all prices, at our same old again they will continue work. We notice that several of the farmers, (white and colored) will plant a good deal of truck this year; and some of them are sending off for seed through catalogues It is right to plant as much vegetables as you can take care of, but it is advisable that you should buy seed at home. It is little more than experiment to send off for all that incident as related to Mr. Me summoned and a verdict exonerating kinds of seed and there is little time for exp riment now.

The Oakland school was stoped one day on account of the heavy rain. This school, with enly about 15 pupils, is, we believe, to be one of the best ordered schools in the country. This is due to the strictness and correct ideas of the teacher. We notice a piece in THE NEWS AND HERALD by a me one pretty as well as instructive work in of their school, It is excellent.
